**M**ary has been a Hunter/Jumper horse trainer and professional rider since 1979. She has been a USEF licensed official since 1989, earning her “R” promotion in 2008. Mary has produced many top level Hunters as well as top Equitation riders. In the 1990’s Mary had a string of upper level Jumpers, including winning a \$25,000 Grand Prix.

Mary was fortunate enough to grow up in a very horse-oriented community north of Milwaukee, WI, where she trained side by side with and competed against Beezie Madden, who’s parents owned the stables where they rode.

Mary spends her time between judging and training. She always says training makes her a better judge and judging makes her a better trainer. Mary is one of our favorites here at Willowbrook and we’re happy to host her clinic and have her judge our October 28 show.
